F8881000000	LIGHTBLOCKER DISPLAY		€25.00

SCAN QR CODE FOR
LIGHTBLOCKER

While showcasing a curtain track is often a design choice, we acknowledge the importance of concealment, especially for light-blocking.

That's why we now offer sophisticated, easy-to-mount pelmets. These pelmets offer the perfect blend of functionality and aesthetics.

DESIGN ASPECTS

- Invisible joints: the pelmets feature invisible joints for a beautifully finished room
- Enhanced ambiance: transform your space into an enchanting haven by incorporating LED strips through specifically designed grooves in our pelmets, enhancing ambiance and charm.
- Customisable design: they can easily be painted to seamlessly blend them with your wall colour.

FUNCTIONALITY

- Durable: crafted to withstand humidity, our pelmets are durable and resistant, ensuring longevity in any environment.
- Easy installation and assembly: enjoy effortless assembly with our pelmets, which can be tailored to fit your specific needs through simple cutting and the use of universal adhesive.
- Light blocking: combat light intrusion effectively with our lightblockers.

ADD LED LIGHTING

- By looking at the image you get an idea of what the pelmet profiles look like when the LED strip is incorporated. As you can see, it creates an enchanting atmosphere.

DRAW RODS

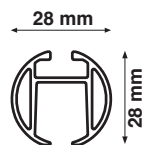

PRODUCT CODE	DESCRIPTION	QUANTITY	RRP INC VAT
F1062116122	(BLACK) DRAW ROD 122CM	Each	€13.50

F1065111152	(WHITE) DRAW ROD 152CM	Each	€15.50

DRAW RODS

- Draw Rods allow you to improve the functionality of your curtain track easily and quickly.
- Instead of tugging on the fabric of your curtains when you want to pull them open or close them up, you can pull a simple wand that slides the curtains into place smoothly.
- It also ensures a longer life for the curtains because they are less likely to get dirty.
